

## **School Profile:**

Georgetown Elementary School is part of the Indian River School District located behind Georgetown Middle School in Georgetown, Delaware. This Superior School services a diverse population of students in Pre-Kindergarten through Fifth Grade. As a community school, Georgetown Elementary has English Language Learner Programs that service approximately 125 ELL Students. This school focuses on academic instruction and provides activities in Art, Gym, Music, Library, Counseling and Computer to enrich the education of our students. School staff members, parents, students, and the community work together to provide a school environment conducive to learning. Through this partnership, we are able to offer additional programs to enhance student learning such as; mentoring, early bird, pullout, and after school programs. Some of these programs are located at outside agencies such as La Casita, Boys and Girls Club, and Delaware Prevention Network at Richard Allen. Our students benefit from this community effort

## **Mission:**

The staff of Georgetown Elementary School is committed to providing students with the academic and behavior skills needed to help them meet their current and life-long goals. It is our mission to prepare our students to become successful, contributing members of society. It is also our purpose to increase student learning and help all students reach their fullest potential.

## **Goals:**

- 1) Community support will be fostered through partnerships and ongoing communication.
- 2) Positive student behaviors will be promoted through the maintenance of a safe and orderly school climate.
- 3) Understanding and utilization of state standards, combined with the best instructional practices will be increased through a standards-oriented staff development plan.
- 4) The number of students who meet or exceed the state standards in all academic areas will be increased.

5) Our school will function as a Professional Learning Community.

6) Students' progress will be monitored on a continual basis to assess students' achievement.
